To Whom It May Concern,

North Garland High School is interested in running for the TASC Parliamentarian position in the upcoming 2024-2025 school year. The NGHS Student Council is dedicated to building a community of students willing to make a difference in the world. We promise to uphold the responsibilities and duties required of the Parliamentarian while upholding the values of TASC to the best of our ability.

Over the past year, the NGHS Student Council has partnered with neighboring elementary schools to advocate for educational success through excitement for education. We all lived through Covid and saw the effects that removing education had on us personally. Today, few people are excited to learn as compared to when they were in elementary school. Our Student Council believes by providing tools and older role models to the elementary schools, we can foster a healthy relationship with education and school in general. In particular, implementing one-on-one tutoring, book drives, and even fun presentations to elementary school students could help advocate the positive association with education.

North Garland is dedicated to not only encourage academic success in our own council and school but in our community as a whole. Education is vital to ensure that the leaders of tomorrow are ready to take on the world. We believe that boosting educational success should be adopted by TASC schools across the state by implementing similar projects and joining on our journey.
