

Web-Based Project File Submission Form

Share your successful project ideas with other TASC member schools. Complete the form below and email the submission to TASC (tiffany@tassp.org). Projects will be categorized and cross referenced and posted on the TASC website. While the description should be relatively brief, please include enough details so that other schools can organize a similar activity using your information. Schools submitting a project idea electronically can receive 10 points on the Outstanding Student Council report form. Please note: only 10 points in total will be awarded (not 10 points per submission).

TITLE OF PROJECT or ACTIVITY: Mary Orr Good Health Outreach

DETAILED DESCRIPTION OF THE PROJECT or ACTIVITY:

Please include the project objective, target group, resources used and a step-by-step description. If possible, please attach samples or pictures of your project.

During the beginning of December, to educate our local Mary Orr intermediate school the DASH (Drug, Alcohol, Safety & Health) Stuco Committee went to some P.E. classes to perform a skit and play a game with the students while informing them about the importance of good health habits. We spoke emphasizing the importance for everyone to visit the doctors and get shots because of the upcoming flu season and well as practicing general hygiene habits such as showering daily and making sure to keep clean hands. Performing the silly skit also showed how being "germy" would effect one's social life as well. Most of all I think the 5th and 6th graders enjoyed the game we played with them "germ freeze tag" which was just our made-up form of freeze tag with a spin. This project was a great way of spreading health awareness also really fun. I encourage other student councils to do presentations like this. Here's some pictures. (attachment)
