NEW TEKS!

Student Leadership has just been approved for three more years and has new TEKS.

Student Leadership is a course for students who seek opportunities to expand and deepen their group and individual leadership skills to positively impact their own lives and community. Building on collaborative skills and habits of mind, students will gain knowledge and expertise in leadership skills including goal setting, effective communication, organization, time management, and collaborative strategies. In some schools, the course is customized to meet the needs of formal student organizations such as student council. The course is adaptable across various student needs and student populations. The course prepares students not only for active participation in school but also in their community. Students solve relevant and current school and community issues by working collaboratively and independently on high-level real-world tasks such as project proposals, portfolios, and presentations.

Registration to include TASSP/TEA permission to teach the course for state credit as well as the curriculum is \$464 plus hotel if registered by July 10. Registration after July 10 will be \$499. A second attendee from the same school may attend for \$314 if registered by July 10 or \$349 if registered after July 10.

Registration for those schools which have previously obtained approval from TASSP and TEA to teach the course for state credit is \$314 plus hotel if registered by July 10. Registration after July 10 is \$349.
