Dear Texas Association of Student Councils,

I would like to be considered for the position of Elected Advisor to the Board. I currently serve as the Pittsburg High School Student Council Advisor. I have served in this position since 2018.

Like most of us when we first took the role of advisor, I experienced a sharp learning curve. Figuring out how things needed to work with my own council was hard enough. Participating in local, district and state level events was almost overwhelming. Being a member of the Texas Association of Student Council has changed all of that. The support provided by advisors in my own district and help from other members of TASC provided the organization and leadership skills my students and myself needed.

While my student council might be smaller in size, through the encouragement of other advisors and councils, we have increased our participation in district and state events. We have run for district offices, held district meetings, and maintained our status of a Sweepstakes Council!

With each passing year, I cannot wait to see and meet advisors at the various TASC events. It is always a great time connecting and learning about all the great projects that everyone's council does. Having the community that is created through TASC has been invaluable to me.

Serving the students and fellow advisors of our great TASC would truly be an honor. Thank you for this opportunity to be a candidate for this position.

Sincerely,

Erin Griffin
