

The Texas Association of Student Councils (TASC) Board of Directors encourages student voice and action as we seek to build a better world.

- **TASC believes** each person has a unique identity and must not be discriminated against based on race, color, national origin, gender, sexual orientation, religion, or disability as stated in our constitution.
- **TASC embraces** the diverse group of people who comprise our association, and we value the different perspectives which help us grow.
- **TASC promotes** inclusivity in our councils and our schools in order to create cultures in which diversity is appreciated and celebrated.
- **TASC values** cohesive communities free of discrimination and focused on equal justice for all.

TASC will continue to empower students to lead the way in working together rather than against one another. We call on all councils to unite as we move forward in building a diverse, inclusive, and just global society.

**TASC will do better.**

**TASC will listen. TASC will learn. TASC will act.**
