

# STUDENT & HONOR COUNCIL SOCIETY ADVISOR WORKSHOP

**September 27-28 , 2020 • ONLINE**

# Welcome

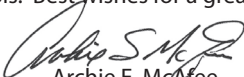

Welcome to the 2020 Texas Association of Student Councils (TASC) and Honor Society (NHS/NJHS) Workshop sponsored by the Texas Association of Secondary School Principals (TASSP) and the Texas Association of Student Councils. Student Councils and Honor Societies complement and support one another at the campus level as well as share many members in common. In addition, student councils support all student organizations on campus. Therefore, this workshop is designed to provide training experiences in areas that are specific to student council and honor society and common to almost any student activity group.

TASSP/TASC is excited and proud to host this event and welcome exemplary educators to our first virtual Advisors Workshop. We look forward to two days of connection, education, inspiration, and fun. The program was carefully designed to offer a dynamic combination of peer and professional presenters who are outstanding resources for any activity advisor.

We have a help desk ready to assist you with any difficulties with the conference platform.

The TASC theme for this year is RESET. We hope to provide what you need to be able not only to RESET for success this year but also to empower your students to become agents of change in this challenging year.

The TASSP motto is "Above All, Students First." TASC believes that when student councils, honor societies, and all other student led activity groups on a campus collaborate effectively and when advisors receive meaningful training, students are best served in Texas schools and beyond. It is our hope that this workshop provides you the experiences necessary to lead these outstanding students in your schools. Best wishes for a great workshop.

## 2020 TASC State Service Project

The children and families in the Texas foster system are an incredibly underserved community. And this pandemic makes their situation worse as many courts have been closed; resources are more difficult to access; and families are struggling financially and emotionally. Foster Care is the perfect candidate for the TASC State Service Project.

Please visit the TASC Website ([www.tasconline.org](http://www.tasconline.org)) and review more information about how you and your students can help foster children and the families who serve them. Look under Resources/State Project.

Yours in leadership,  
Reid Turner, Chloe Williams, Addison Sumbler,  
Derek Whitman, Amber Trammel

Both the NHS and NJHS are sponsored and supervised by the National Association of Secondary School Principals (NASSP) which appoints a National Council - the controlling body of NHS.
