

TASC Safety Plans re COVID

As always, TASC's first priority is the health and well-being of its members.

- **Exposure to COVID.**
 - TASC urges attendees who are exposed to COVID immediately prior to the conference to contact TASC (terry@tassp.org). TASC requests that individuals do not risk infecting others.
- **Positive test following the conference**
 - Should an attendee test positive for COVID within 14 days following the conference, TASC requests that we be notified (terry@tassp.org.) TASC will, in turn, notify other attendees that a positive test was reported. No names will be shared.
- **Refunds**
 - If a registered delegate tests positive for COVID prior to the conference, conference registration will be refunded. (A copy of the test will be required.) Individuals must contact the hotel to cancel room reservations.
 - If a registered delegate's school institutes a no travel policy, conference registration will be refunded. (A copy of the school policy will be required.) Please contact the hotel for to cancel room reservations.
- **Masking**
 - All unvaccinated individuals are requested to mask per Embassy Suites policy. Masks are strongly encouraged for everyone when not actively eating or drinking regardless of vaccination status.
- **Social distancing**
 - General Session and breakout seating will allow for social distancing. Attendees are asked not to move chairs.
- **Meals**
 - Breakfast is still served in a buffet line at the Embassy Suites. The made to order omelet line has been discontinued for the time being.
 - Disposable plates and utensils are being used for breakfast. Guests who would prefer to take food to their room rather than eating in the lobby are welcome to do so.
 - We are exploring opening doors to the small patio by Spring Lake (south side of the hotel) as well.
 - We are serving a plated lunch. We will also have the option of a boxed lunch for guests who would prefer to eat in their rooms or on the patio if it is available. We will send out a link to request box lunches.
- **Happy Hour**
 - The Embassy Suites is continuing to offer a free happy hour. TASC will supply additional veggie and cheese trays for that time. We will have other areas open should attendees prefer to take refreshments to a less crowded area of the hotel.

Hotel Practices due to COVID.

- All employees are tested for COVID each day at the beginning of their shift.
- TASC has requested that all servers wear masks regardless of vaccination status.
- Rooms will not have a full clean until a guest has remained for five days.
- A refresh of rooms will be provided upon request.
- The restaurant is not open.
- Burgers, wings, etc. may be ordered from the bar.
