April 14, 2019

Dear Texas Student Council Members and Advisors,

Welcome to the 83rd Annual Conference of the Texas Association of Student Councils!

As Superintendent of Schools for the Killeen Independent School District, it is my pleasure to support the student council members of Killeen High School as the host school for this conference. I remain very proud of the work our students have put into planning this event and I personally want to thank them for their commitment to this organization.

I believe this year's theme, *Resolve to Rise*, is an appropriate description of the mission of student councils across this great State. That is, to navigate all obstacles in being a powerful voice, developing leadership abilities, building a supportive social network, and stopping at nothing to accomplish the goals set forth. You remain the leaders in our schools today and the champions who will secure our Nation's Democracy in the future. Thus, I encourage each of you to utilize the opportunities available through this TASC conference to even further develop your skills in preparation to impact others for the betterment of your own school, community and our society.

Prepare to engage! The knowledge you gain from your time here at the conference will serve you, and those you impact, for a lifetime!

I wish you all the very best.

Sincerely,

A handwritten signature in black ink, appearing to read "John M. Craft".

4 • WELCOME FROM TASC

ABOUT TASC

The Texas Association of Student Councils is a non-profit organization serving middle and high school level student councils in Texas. TASC builds leaders who positively impact our schools, our communities, our state, and our nation through leadership development in secondary schools in Texas. We believe in a powerful student voice, the journey of leadership, and in building a strong web of support for students and advisors. We know that leadership skills can be learned and enhanced, and we work daily to do just that. Organized in 1937, TASC serves almost 1400 member schools by providing opportunities for advisors and student leaders to interact and learn through outstanding programs such as this Annual Conference.

RESOLVE TO RISE

Texas Student Councils always work to serve others and to make our schools a place where students and staff want to be. This year's TASC Board of Directors asked TASC members to identify needs, to develop a plan to meet those needs, and to resolve to do what it takes to succeed. This year TASC made the decision to focus on mental wellness.

The state officer team challenged our councils to address the silent epidemic of mental wellness. #TASCreachthepeak

NAME BADGES /WRISTBANDS

Each registered delegate and invited guest will be given an official conference name badge and TASC wristband. To ensure student safety, these items must be worn at all times. The conference wristband is admission to all conference sessions. Those without a TASC wristband and name badge will be required to leave. Additionally, the color of the wristband will determine the rotation to be followed for breakout sessions on Day 2 afternoon.

DRESS CODE

The TASC Board of Directors requests that all attendees follow the TASC Conference dress code. No shorts of any type are to be worn to any conference activity with the exception of the night at Six Flags. Hats or caps are not allowed in the building, and all shirts and dresses must have sleeves. Security will help monitor dress code.

STUDENT DROP-OFF/PICK-UP

In order to ensure delegate safety, vehicles carrying delegates will not be allowed to stop and unload in the front of the Convention Center or the Sheraton Hotel.

PARKING

Parking is available at the Arlington Convention Center. Please display the parking pass e-mailed with registration materials. Parking passes at Six Flags are provided with your park admission ticket.

GENERAL SESSION ENTRY AND SEATING

Doors to the General Session will open approximately 30 minutes to one hour before session start time. Any school group may enter the room and secure seating, but the room will not have any activity until 15 minutes before the official start time. Schools may reserve seats for their delegation ONLY. At least one person from the delegation must remain with marked seats at all times. Any item used to mark seats reserved will be removed if there is not at least one person from the delegation present at all times. Please fill the seats in the middle of rows first. Do not leave empty seats. Do NOT run in the Convention Center. The fire marshal prohibits standing at the sides or back of the auditorium. Due to security needs, all advisors must be seated with their students.

ELECTRONIC DEVICES

While you are invited to update your status and tweet about conference activities, we ask that advisors and students silence their phones and follow rules of business etiquette in the use of cell phones and tablet computers. Please be a model of consideration and respect for all attending conference sessions.

STUDENT BEHAVIOR

With the convention attendance totaling almost 5,000 delegates, it is necessary that advisors sit with their students during the general assemblies and monitor and control excessive noise. Even a few whispers in the auditorium create a lot of noise. Always treat speakers on stage with courtesy and respect. Advisors: Please ensure that your students remain seated during performances. Walking from the general assembly area to the halls is distracting.

LUNCH ON DAY TWO

Lunch on Day Two is on your own. Time yourself carefully to be back for the afternoon sessions. While outside food may not be taken into the Sheraton or the Convention Center, some schools have meals delivered and eat on the lawn. A dining guide along with some restaurant discounts are on the website and mobile app. Concessions are also available in the Convention Center. The general session room will be open for seating after 12:30p. Please do not sit on the floors in the Sheraton or the Convention Center common areas.

CONTROLLED SUBSTANCES

The use of alcohol, tobacco, electronic cigarettes, or other illegal drugs is strictly prohibited. Any student found in possession or under the influence of these substances will be sent home from the conference without delay at the expense of the student, his/her parents or the student's school. Both the student's principal and parents will be notified, and local authorities may be contacted.

CONFERENCE SAFETY

All conference attendees are expected to respect the rights and safety of others. Students are asked to use clear bags. Weapons of any type are strictly prohibited at TASC functions. Any person found in the possession of an item that is used as a weapon or exhibiting irresponsible behavior that endangers the health, safety, or welfare of him/herself or others will be sent home from the conference without delay at the expense of the student, his/her parents or the student's school. Both the student's principal and parents will be notified, and local authorities may be contacted. A student sent home from a TASC event because of disruption of the conference, a violation of TASC policies, or a concern for the safety of that student and/or others will not be allowed to attend another TASC state event for a calendar year.

TASC ON SOCIAL NETWORKS

Advisors should text @taschs to 81010 for access to Remind in case of emergencies. Please download the conference app and allow push notifications. Tag us on social media with #TASC_StuCo and #TASCreachthepeak.

STATE OFFICER ELECTIONS

One of the purposes of the TASC Annual Conference is to elect new state officers for the upcoming school year. Schools elected to serve as TASC state officers are represented on the TASC Board of Directors by one student representative and the school advisor. The Board of Directors is the policy-making body for the association. Throughout the conference, member schools will have multiple opportunities to learn about the candidate schools' qualifications to serve and their platform (an idea they are promoting for TASC). Candidates will communicate their campaign theme, platform, and qualifications through a campaign booth, a story board, student speech, participation in a Meet the Candidates session, and a campaign skit. Qualifications of the candidate schools are posted on the website. Member schools should consider how well the school communicates its platform and theme, the strength of the platform, and the qualifications of the council advisor and council representative throughout the entire process when voting.

TASC CONFERENCE COORDINATOR SCHOOL: KILLEEN HIGH SCHOOL

The Killeen High School Student Council worked diligently the past two years with the TASC state officers and the TASC Board of Directors to continue the outstanding tradition of the TASC High School Annual Conference. Conference Breakout Sessions will take place on Day 2 afternoon from 1:30p - 4:15p. Delegates will be divided into three separate groups, and each group will follow a separate rotation through each of the three breakout session stations (below). Rotation schedule will be determined by the color of the delegate wristband. Entire school delegations will be in the same rotation (same color wristbands). All conference delegates will have the opportunity to rotate through each station over the course of the afternoon.

The three breakout stations are:

Student delegates will choose FOUR of the offered presentations to attend during this 45 minute session. All presentations will be repeated in all three time blocks. Presentations conducted in the Table Talk Station are school-created and student-led. Presenting students will remain at the same table while student delegates move around to various tables during the 45-minute time block. Shaun Derik.....Convention Center General Session Room

USE YOUR INSIDE VOICES
Shaun learned early about the power of a mentor and having the positive reinforcement of someone else’s feedback. Shaun struggled through his grade school years, and like so many young people, developed a low self-esteem and turned to music as an outlet for his emotions. Frequently Shaun would stay behind after school ended, sneak into the music room, and play the piano. One day the music teacher heard Shaun playing the piano; he let Shaun finish his piece and then came into the room and gave, what Shaun refers to as, “the greatest gift of all,” a compliment that forever changed Shaun’s life.

As the “Speaker for the Dreamer” Shaun represents that support system needed to be triumphant and truly believes that, with hard work and consistency, anything is possible! You can Reach the Peak.

As a small school, this was a great way for us to help multiple groups and organizations in our community as well as get everyone at our school involved in community service.

Table 29 • Threads of Strength

Chassie Bentley • Churchill High School

The Threads of Strength project provides positive encouragement that is sometimes absent in people's lives. Everyone struggles, and everyone deserves to know they matter. Table 30 • Alzheimer's and Dementia Outreach

Joseph Demario • Clark High School

The project allows students to visit our community's elder care facilities. The students write handwritten, heartfelt letters; put together gift bags to give to the residents; and talk with each one. The patients benefit from seeing new faces and talking to people who are committed to connecting with these people. This project allows the past of San Antonio to connect with the future of San Antonio.

Table 31 • Spooktacular

Mindi Cameron • College Station High School

Spooktacular is a fun, safe event that our high school holds for the elementary students in our district. It promotes a safe environment to go trick-or-treating and to help stock the local food pantry as people bring donations of canned goods and/or money as an entrance fee. We set up tables around our cafeteria and provided trick-or-treat safety tips, miniature putt-putt, face painting, and a mad science show. This is a great opportunity to engage with feeder schools, involve all committees, and raise funds and donations for local organizations.

Table 32 • Community Clothing Closet

After seeing a need at our school for clothing for students, we chose to set up a clothing closet and open it up to community members as well. We solicited donations of clothing, hangers, clothing racks and money. We applied and received a donation from Hilco Coop and secured a room at the school to be used. An open house introduced the project to local churches and community groups. The closet is open by referral from a community group, staff or administrator.

Table 38 • Ignite the Empire

Theresa Maya • El Dorado High School

At El Dorado High School, we noticed a big divide between us and all the other schools in our district. So, our student council decided to create an after school pep rally named "Ignite the Empire" where all district schools were invited and welcomed to come. This type of event creates a better relationship between us all. During the rally, we had performances, games, and great music.

Table 39 • Parade of Trees

Terry Maya • El Dorado High School

It is important to always recycle and to teach our students about the importance in doing so. During the holidays, we prepared a parade of trees where clubs created their own decorated trees made out of recycled materials. For example, students created trees made out of painted tires with holiday spheres and decorations.

Every backpack represented a student, teacher, or staff member that lost their life due to gun violence. After we created the display, all the backpacks were donated to Star of Hope.

Table 43 • Suicide Prevention

Kristin McLaughlin • Gregory-Portland High School

For Suicide Prevention month, the Gregory-Portland High School Student Council involved the school nearly every day. Semi-colon temporary tattoos were sold to raise money for local mental health programs, as well as a suicide fact that was released to students by announcement every Friday to help raise awareness. To help students struggling with the thought of suicide, thirteen posters were hung around the school each containing a reason to not commit suicide. In a final attempt to reach out to people that were struggling, the suicide hotline number was posted on flyers and put on every car as a resource for themselves and/or others.

Table 44 • Crisis Relief Projects

Kristi West • Hardin-Jefferson HS

The HJHS Student Council works to meet needs in our community. When Hurricane Harvey hit, we made gift baskets to help those affected by the storm. Then we hosted a Halloween carnival in the school to be sure kids could still participate in the holiday. This year we put together more gift baskets for families hurt by the government shut down. Join us to talk about meeting community needs in times of crisis.

Table 45 • Spirit Night Full of Fright and Delight

Angela Hollier • Infinity Early College High School

Every fall and spring, our student council hosts a fundraiser called Spirit Night which is a themed event where students are able to watch movies, enjoy karaoke, play video games, and participate in other themed activities. Table 50 • Shoes for Kids

Cheryl Adkins • Joshua High School

Every year, our student council sends out a survey to all 5 of our elementary schools to find out which students could benefit the most from a new pair of shoes. We end up buying over 100 pairs of shoes and socks. Then we take the students to McDonald's for lunch and play with them all afternoon. To raise money for this event, our student council hosts a school wide talent show, and the money from the tickets purchased goes to buying the shoes, socks, and lunch.

Table 51 • CougaPalooza

Barbara Hoffman • Kempner High School

Kempner High School's Student Council enhanced our school spirit by planning CougaPalooza. Our first ever carnival was designed to raise funds for our Student Council to celebrate our school's 30th Anniversary, and to unite our Sugar Land community and Kempner alumni organization in one event. The event turned out to be a huge success with over 1,000 students, staff, and community members in attendance. Almost all of the student body organizations and clubs were involved in making this event successful.

Join us to learn how we worked on helping our student body overcome some of their stress and worries about the now and the future. We will discuss details about our S.O.S committee and our S.O.S. app that you can implement in your schools.

Table 56 • Kicking Off a Year of Kindness with a Student Convocation!

Allison Stamey • Lewisville High School

At the end of the school year, we started planning a "Year of Kindness" for the 2018-19 school year. Each high school in our district brought 200 students to our Kindness Kick Off Convocation, and we labeled them Kindness Ambassadors. Our community joined us in this year-long Kindness Initiative. Our idea and initiative spread throughout our district of 60,000 students and 6,000 teachers. The change in school climate has improved tremendously. Teachers and students are happier. We always say "Attitude Reflects Leadership," and the attitude of our school has definitely improved thanks to our Kindness Project.
