FLORIDA

The founding date for Florida Association of Student Councils (FASC) is considered to be 1936. During that year there was a meeting called for Florida Student Leaders. They met again in 1937 and 1938. In 1939 they met and adopted the name Florida Association of Student Councils and called for sponsorship by the Florida Association of Secondary School Principals (FASSP) and for an annual state conference. There were annual conventions in 1940, 41 and 42 but none in 43, 44, and 45 because of World War II. Annual conventions resumed in 1946 and have been held annually since.

The FASC was sponsored by the FASSP until 1966. During the 1966 teachers' strike the FASSP had to leave the umbrella of the Florida Education Association because FASSP was managed and FEA was labor. In 1969 the FASSP asked the Florida High School Activities Association to assume sponsorship of the FASC. In the early 1990's the FHSAA was forced by the state legislature to divest itself of all non-athletic activities. FASC then once again became sponsored by the FASSP, now know as Florida Association of School Administrators (FASA).

OKLAHOMA

The Oklahoma Association of Student Councils is steeped in student council history. Warren E. Shull, whom the National Advisor of the Year Award is named after, founded the National Association of Student Government Officers (now NATSTUCO) in 1931. As a student from Sapulpa High School, Shull reportedly hitchhiked to a national teachers meeting to appeal to them to help him start a student association.

The OASC itself was founded in 1938. This past Fall, the OASC hosted its 80th State Convention virtually from the Oklahoma History Museum. Our mission is to offer year-round opportunities for high school students and adult advisors throughout Oklahoma to develop and apply leadership and life skills. This goal is accomplished by disseminating information for building effective organizations, recognizing individual and school achievements, supporting community service, and providing positive, enthusiastic forums for networking and sharing ideas.

18 • WELCOME FROM THE STATE ASSOCIATIONS

TENNESSEE

This year Tennessee is proud to be participating in its 73rd annual convention. TASC began as a group focused on promoting the student council movement in the state of Tennessee. Many things have changed throughout the years. Our TASC summer camp started at Camp Bethany Hills in Dickson, Tennessee and was then moved in the early 90's to the Ridley 4-H Camp center in Columbia, Tennessee led primarily by Diane Webb. TASC is thankful to fellow national advisors such as Dr. Earl Reum for coming to and helping to create curriculum for our summer camps in the early years of TASC. That legacy carries on today as our summer camp continues to inspire our young leaders each year and is now held on the glorious air conditioned campus of Cumberland University in Lebanon, TN. TASC has a proud history of host schools planning and organizing our annual state convention and leaders have traveled all across the state to learn from each other. While this is a momentous task for any school to take on, the rewards and lessons that our leaders have learned outweighs them all. One thing that has stayed the same is the legacy of the many wonderful advisors who have given up countless afternoons, evenings, and weekends to help their students attend local, state, regional and national events as well as the adults who have given their time to serve on the TASC board.

STATE PROJECT

For several years, our state project focused on an organization or a hospital, such as Make-A-Wish Foundation or St. Jude Children's Research Hospital. A couple of years ago, one of our student leaders changed our state project to Project Impact and our goal is to focus on a need in our state that we can directly impact. This year our focus has been based around COVID-19 and the essential workers who are serving above and beyond during this global pandemic.

TEXAS STATE OFFICER ELECTIONS

One of the purposes of the TASC High School Annual Conference is to elect state officers and a high school elected advisor to the board. Schools elected to serve as TASC state officers are represented on the TASC Board of Directors by one student representative and one school advisor and serve for one year. The Elected Advisor to the Board serves a three-year term. The Board of Directors is the policy-making body for the association. Campaign materials were provided prior to the conference, and a campaign rally will be held during the conference. Each registered high school is allowed five student votes for State Officers and one advisor vote for the Elected Advisor to the Board. The five votes for state officers may be split, and councils should caucus prior to the conference to determine how they will vote. Members should consider how well the school communicates its platform, the strength of its platform, the speeches, the qualifications of the student representative and the advisor when voting. Voting will take place during the conference by smartphone.

BALLOTING BY SMARTPHONE:

Candidates: Information regarding candidates for state office and the TASC Board of Directors can be found [HERE](#).

Voting: Each registered HS council has up to five (depending on 1- 5 student delegates registered) votes for state office. Councils may split their votes and should make prior arrangements to caucus and determine how the council will vote. Each registered HS council has one vote for Elected Advisor to the Board.

Balloting ID Codes Delivery: Balloting ID Codes needed to vote for state offices and elected advisor to the board were emailed.

April 18 Texas State Room: Two minute speeches will be given. Voting will follow the 4:30 session and will close at 7:30p CT.

April 19: A notice will be sent informing delegates if a run-off will be required. If a run-off is required, a new ballot will be emailed. Voting will open at 9:00a and will close at 10:00a.
