TASC MEMBERS HELP!

TASC is happy to report that we were able to partner the funds raised at the State Conference with other schools to provide clean water to an entire village in Rwanda!

TASC
WATER FOR AFRICA PROJECT

Village Name: Musura
Population Served: 1,500

The Need:

The old water source was an unprotected pipe that allowed surrounding dirt and waste to mix with the water making it undrinkable. The people of the village had no other water source and as a result, there was constant sickness, especially among the children.

The Project:

- Construction of a new artesian well that provides a safe and clean water source for the entire village.
- The concrete structures/basins will ensure a constant flow of clean water and protect from livestock contaminating the area.
- The excess water runoff that exits the concrete basin is used to irrigate crops in nearby fields.

With a portion of the funds from the **We Help Two** sock sales at the Annual Conference, and a donation from David Womack, we were able to also provide one school with an **Eddie G. Bull TASC Summer Leadership Workshop Scholarship!**

Did you know that your council or any individual can donate to the Eddie G. Bull Scholarship fund year-round? This is a donation-based scholarship, so we can give funds for as many schools as we can with the funds available in the spring.
