Title:	Turn Off the Lights
Objective:	to encourage students and staff to turn off lights to save energy
Indicate Target Group:	District tax payers
Resources Used:	paper, printer ink, laminating flim
Description:	<p>Signs using a variety of catchy phrases were stapled above every light switch in the high school reminding everyone to save money and energy by turning off the lights when leaving an empty room. The signs will be maintained/monitored throughout the year to replace missing or damaged signs.</p>

Title:	Ronald McDonald House Pop Tab Drop-Off Alternative
Objective:	To reduce the amount of pollution caused by cars by riding a bicycle whenever possible
Indicate Target Group:	Student Council Members
Resources Used:	Bicycles
Description:	<p>A few volunteers from student council joined together on a Sunday morning to ride their bicycles to a nearby McDonalds on Cinco Ranch Blvd. and Spring Green. The volunteers took previously collected Pop-Tabs and deposited them at the McDonalds, where they would then be taken for recycling. By not driving cars and instead riding bikes, students eliminated the unnecessary production of air pollution.</p>

Title:	Trashy Trees
Objective:	Inform student about reusing materials during Christmas time
Indicate Target Group:	students and faculty
Resources Used:	trash/cardboard boxes/ paint
Description:	The Student Council E & E committee constructs a Christmas tree every year to display in the cafeteria. The tree is made from reused items and we display a poster asking students to think about what they can reuse during the Christmas holidays. The tree was made from an old cardboard box , painted and ornaments were make out of reused items such as tin cans, lids,... and decorated.

Title:	"Hand in Hand - Together we Can"
Objective:	To remind students to work together to save the environment
Indicate Target Group:	1834 Student Body, 218 Faculty and Staff
Resources Used:	butcher paper, paints, scissors, tape and markers
Description:	The energy and environment committee made a banner that read "Hand in Hand . . . Together We Can" The banner was hung in the commons for all faculty, staff and students to see. This is a reminder to work together to save the environment. If everyone works together hand in hand then it can be done.

Title:	Custodian Appreciation Day
Objective:	To show ATHS Custodians student's appreciation for organizing and effectively cleaning our campus daily to restore it to mint condition.
Indicate Target Group:	Student Body
Resources Used:	Wet towels, water, mops, brooms, hall passes and pizza
Description:	E and E and student council members executed the project by helping the custodians clean up the cafeteria after the lunch period ended. We used the wet towels to clean the cafeteria tables and then helped move them out of the way. After, we helped sweep the floor and mop it. Lastly, student council presented them with Little Caesar's Pizza as a way of saying thank you and to let them know we appreciate all they do. Finally, we recycled the pizza boxes.

Title:	Plastic Bottle Christmas Tree
Objective:	To show students that exciting projects can be completed with recycled items
Indicate Target Group:	Student body, faculty, staff, and community
Resources Used:	Recycled water bottles, hot glue gun, ribbon, and tape
Description:	The Energy & Environment committee had come up with the idea of a Christmas tree made out of recycled water bottles. In creating this tree, we first taped the first row of water bottles around and then hot glued them together. We then got the other row and taped it around again. We repeated this step as we went up and made the rows smaller each time. We also created a tree stump out of recycled cardboard and painted it brown to lay the tree on top of. The day of the tree lighting we displayed tree outside with a multicolor light underneath the tree to make shine.

Title:	Make a Commit "MINT"
Objective:	To encourage people to use less electricity
Indicate Target Group:	students and staff
Resources Used:	computer, printer, paper, gum, tape
Description:	We typed on small strips of paper the phrase "Make a commit "MINT" to use less electricity, Then we cut them out and wrapped them around pieces of mint gum. At the beginning of the school day we distributed them to teachers, staff, and students as they entered the building saying the phrase as we handed them out.

Date:	2-27-2014
Title:	Love it, Don't Trash It
Objective:	To save our environment by finding ways to reuse or repurchase items rather than throwing them away creating more trash in land fills.
Indicate Target Group:	School and Community
Resources Used:	Spray Paint
Description:	In an effort to "dress up" the perimeter of our school, we decided to clean up the look of our trash barrels around our school. Our barrels looked old and faded. They were rusty and unattractive sitting around every side of our building. We purchased several cans of royal blue spray paint (matching our school colors) and resprayed our outside trash barrels. You might think that no one notices what is holding your trash but after completing our project we received lots of praise from students, teachers, and our school janitors. Beautification projects don't have to cost lots of money and can actually save you lots of "green"...the environment. Go green today by repurposing something old rather than throwing it out.

Title:	Phone Fast
Objective:	To not use a cell phone the whole school day and reduce your carbon footprint
Indicate Target Group:	Student Council members and leadership classes
Resources Used:	Student Council Members and Activities Director
Description:	<p>Chapin Student Council members and leadership classes wanted to reduce their carbon footprint on the world and see how long they could last without their phones so we created the Phone Fast. Those who participated in the Fast were instructed to go to the Student Activities Room and give their phone to the activities director before 8:40 AM. The Fast ended at 4:00PM. All students that participated signed a pledge the day before stating how long they would need to go without a phone and were given a letter for their parents describing what would happen the following day. Students had discussion the following day as a follow-up to the project. Other El Paso Schools were invited to join the Phone Fast as well. One of our neighbor schools participated as well. This will be something that will be repeated.</p>

Title:	Pinecone Bird Feeders
Objective:	To create birdfeeders using old pinecones
Indicate Target Group:	20+Chapin StuCo members and CDL students
Resources Used:	Birdseed, yard, pinecones, peanut butter, plates, spoons, knives
Description:	Chapin Student Council asked the Chapin CDL teacher, Ms. Sullivan, what day would be available in order for Student Council to do a project with students. Once the date was set, StuCo collected materials. StuCo members helped CDL students cover the pinecones with peanut butter and rolled them in birdseed. Once the project was done, Chapin StuCo gave each CDL student their pinecone and asked them to hang the birdfeeder on a tree when they got home so they could help feed the birds during this winter season.

Date:	February 2, 2012
Title:	Teens for Jeans
Objective:	To Recycle Jeans
Indicate Target Group:	
Resources Used:	Aeropostale Stores
Description:	<p>While looking for Community Service Activities to do in January, Student Council found the Teens for Jeans Campaign on the DoSomething Webpage. Aeropostale Stores throughout the United States were hosting their 4th Annual Teens for Jeans Campaign. They were asking organizations to donate slightly worn jeans that would be donated to homeless shelters around the country. Eagle Pass High School decided to participate and within a 2 weeks was able to collect over 526 pair of jeans to be donated to this worthy cause. We constructed posters and held several contests to encourage students to donate their jeans</p>

Title:	Recycled Bottle Chrismas Tree
Objective:	To show that things can be saved, recycled and turned into something else, while spreading holiday spirit
Indicate Target Group:	Faculty, staff, and student body
Resources Used:	water bottles, hot glue gun, glue sticks, scissors, cardboard, Christmas lights
Description:	We, the Eastwood High School Student Council, under the Energy and Environment Committee, collected empty water bottles. During our student council work nights, we worked on constructing the tree. We put them in a circle and glued them together in a ring and continued to add to the ring row by row. After the tree was finished we put Christmas lights inside, plugged them in, and put the tree out in the hallway.

Title:	Watt Watchers Program
Objective:	To utilize a Watt Watchers Program to promote energy conservation on our campus
Indicate Target Group:	General studentbody population, faculty, and staff, approximately 1400 people
Resources Used:	University of Texas at El Paso and Watt Watchers
Description:	<p>Our Student Council as part of the Energy and Environment committee assembles a Watt Watchers patrol group to monitor energy use on our campus. The Watt Watchers send out a memo to our faculty with guidelines for suggested energy use for example please turn off your lights if you are leaving your classroom for more than ten minutes. The Watt Watchers then monitors different areas of our campus to ensure that lights are off in areas such as teacher classrooms, teacher lounges, restrooms etc. We also dedicate a week called Energy Week to conservation tips and information to encourage our teachers and students to recycle and conserve energy whenever possible. Signs are provided to teachers to place by their light switches to remind them to turn off their lights when leaving the room.</p>

Date:	November 2014
Title:	Tubes for Teachers
Objective:	To celebrate how thankful we are for our teachers
Indicate Target Group:	Faculty and staff
Resources Used:	Toilet paper tubes, candy, tissue paper
Description:	Members brought in recycled toilet paper tubes and paper towel rolls. The tubes were filled with candy and then wrapped in tissue paper left over from other projects. A cute note with a hand print turkey was included stating our thanks for our faculty.

Title:	Black Out
Objective:	To promote energy awareness and saving energy
Indicate Target Group:	Students at Franklin High School
Resources Used:	
Description:	On the day of our football game against our rivalry school, Student Council sent an email to the teachers at Franklin High School to "Black Out Coronado" by only using natural light in their classrooms for the day. By turning off the lights and opening the shades, the teachers promoted saving energy while also raising school pride by coming together as one for our rivalry game.

Title:	Phone Fast
Objective:	To reduce the amount of carbon footprints in the atmosphere.
Indicate Target Group:	Irvin student body, faculty, and staff.
Resources Used:	Phones, paper pledges
Description:	The Energy & Environment committee collected phones from students and faculty for the whole school day. Phones require small amounts of rare Earth elements which are both scarce and expensive. By collecting them, this will allow us to reduce the amount of carbon footprints in the air.

Title:	Recycled Mums
Objective:	To use recycled materials from the mums we made last year for Special Olympic kids at Irvin High School.
Indicate Target Group:	Special Olympic students
Resources Used:	Ribbons, string, scissors, glue, stapler, hole puncture, glue gun, and mums
Description:	The Energy and Environment committee wanted to use left-over mum materials we had used from our previous year to make more this year. Instead of buying more string, ribbon, glue, etc. we used materials from last year to make mums for the Special Olympics students. By doing this our project conserved and recycled materials to promote school pride and to persuade school spirit to the Special Olympic students.

Title:	Toilet Paper Stars
Objective:	To reuse toilet paper rolls and make a decoration
Indicate Target Group:	The John Marshall Student body and Staff.
Resources Used:	Toilet paper rolls, string, scissors, spray paint
Description:	During the Holidays, the Student Council wanted to do a fun energy project so we decided to reuse the toilet paper rolls so we brought some in and made stars out of them. We found this idea on Pinterest. We spray painted the stars gold and hung them up in the main hallway so that everyone could enjoy the decoration.

Title:	Trash Off
Objective:	Beautification/Recycling
Indicate Target Group:	Community
Resources Used:	Trash Bags, Volunteers
Description:	The students involved met on a Saturday morning and congregated at the front of the school. They then divided themselves into even groups, each taking separate sections of the school and nearby parking lots and lawns. After each group filled numerous bags, they reunited for refreshments. We were able to greatly improve the appearance of the school.

Date:	December 2011
Title:	Holiday Wreaths
Objective:	Celebrate the holiday and demonstrate one use of recycled goods
Indicate Target Group:	Our Administrators
Resources Used:	recycled water bottles, paint, glue guns, ribbon
Description:	<p>We, the JMHS Student Council, recycled water bottles to make wreaths. We first took the empty water bottles and poured a little bit of green paint in each and shook each up (put the cap back on before you shake it). This was to coat the entire inside of the bottle with the green paint. Then we painted the caps red. We glued nine of the bottles together at the 'shoulders'. We had to reinforce the 'back' of the wreath with more glue. Then we created a large bow out of ribbon and glued the bow on the front (lower half) of the wreath. We presented these to our administrators.</p> <p>(our attached picture is one that was done by C.C. Winn High School without the green/red paint).</p>

Title:	"Supply Packs"
Objective:	By recycling we could supply incoming freshman with school supplies that they need
Indicate Target Group:	Incoming Freshman
Resources Used:	Buckets to keep all of the supplies in
Description:	At the end of the year we did a locker clean out for each grade, and collected all of the reusable folders, binders, spirals, pens, pencils, bags etc. We recycled these materials and were able to provide the incoming freshman with "school packs" that included all of the supplies that they would need, if they were unable to purchase them themselves. This project allowed us to help the enviornment by recylcing, as well as, providing for students.

Title:	Plastic Free Friday
Objective:	To encourage students to use reusable water bottles instead of plastic water bottles that are thrown away.
Indicate Target Group:	Plano West Executive Council.
Resources Used:	reusable water bottles
Description:	We encouraged students in our executive council to bring in reusable water bottles on Friday, calling it "Plastic Free Friday." It was really easy to do, all we had to do was announce the event in our weekly Monday meeting, and then remind members to participate the day before. The event was successful with a majority students using reusable water bottles the day of. We hope to continue to expand this idea to the whole student body, which would be attainable through advertisement in our weekly announcements and also through signage in the main foyer of our school. This is a really easy way to help our environment and inform students of the benefits of using reusable water bottles.

Title:	Good Stewards Initiative for conserving energy
Objective:	Get the whole campus on board with a specific energy conservation plan
Indicate Target Group:	faculty and students
Resources Used:	mailing labels, video software
Description:	Students created and distributed on the school network a video outlining guidelines for conserving energy on campus. On the day that homerooms viewed the video, E&E committee members traveled all over campus, placing colorful "Please turn off the lights when you leave!" stickers (made out of mailing labels) on all light switches. The video included tips for reusing paper that is printed on one side, remembering to turn off lights, and only printing things when necessary.

Title:	Energy Dance: Neon Nights
Objective:	A fun unique dance that's supposed to bring awareness about recycling and the environment.
Indicate Target Group:	Student body
Resources Used:	Lots of neon, an awesome DJ who plays dubstep and housebeats, a variety of snacks, posters with info about recycling and ways to help the environment, a dance floor, black lights, recycling bins, recycled plates, cups, napkins, etc., and great light effects.
Description:	<p>A dance that is supposed to bring awareness about recycling and ways to care for the environment. People come dressed in neon and ready to dance, black lights were around the dance floor and the whole place was glowing with color. Signs that listed important facts about what one could be doing to care for the environment, glowed with neon colors and were hanging all around the dance. Only recycling bins were in the dance and everything used was recycled or could be recycled.</p>

Date:	April 15-18, 2013
Title:	Green Week
Objective:	To encourage and increase awareness of energy usage and the environment
Indicate Target Group:	1500
Resources Used:	Student Council Funds
Description:	<p>Student Council Officers and Committee Chairs create a Black Out Day for Green Week in honor of Earth Day. Student Council encouraged all teachers to turn off lights and use windows and lamps in order to save energy on Monday.</p> <p>Student Council created a "Car Pool to School" Day; students were encouraged to get a ride to school in order to save gas and decrease pollution on Tuesday.</p> <p>Student Council encouraged students to "Bring Your Reusable Water Bottle" on Wednesday to exemplify how to better our environment by reusing instead of wasting.</p> <p>Student Council hosted a movie social after school featuring "Wall-E" which focuses on what the earth would be like if left unattended and the causes and effects of Earth without the environment and its cleanliness.</p>

Date:	November thru May 2014 - 2015
Title:	Watt Watchers Program
Objective:	To utilize a Watt Watchers Program to promote energy conservation on our campus
Indicate Target Group:	General studentbody population, faculty, and staff, approximately 1400 people
Resources Used:	University of Texas at El Paso and Watt Watchers
Description:	Our Student Council as part of the Energy and Environment committee assembles a Watt Watchers patrol group to monitor energy use on our campus. The Watt Watchers send out a memo to our faculty with guidelines for suggested energy use for example please turn off your lights if you are leaving your classroom for more than ten minutes. The Watt Watchers then monitors different areas of our campus to ensure that lights are off in areas such as teacher classrooms, teacher lounges, restrooms etc. We also dedicate a week called Energy Week to conservation tips and information to encourage our teachers and students to recycle and conserve energy whenever possible. Signs are provided to teachers to place by their light switches to remind them to turn off their lights when leaving the room.

Date:	Feb 1, 2014
Title:	Adopt a Stream Clean-up
Objective:	To clean Fish Creek a branch of the Trinity River near our campus.
Indicate Target Group:	Students, Staff, Community at Large
Resources Used:	Vests, Safety Gloves, Trash Bags
Description:	We met near an opening to Fish Creek. We broke up into groups and went to opposite sides of the creek. Each group picked up trash and put it in garbage bags. Students also looked for "oddities" found in the stream and a prize was given to the oddest item.

Title:	Recycled Notebooks
Objective:	To inform the students about Earth Day while repurposing trash.
Indicate Target Group:	Student body, faculty and community
Resources Used:	Student Council Members
Description:	Students were gathered to discuss Earth Day while they repurposed trash (cardboard box type items) into useable notebooks. Students then decorated them and used the notebooks for personal use.
