(If possible, please insert a photo of your project on next page.)

Date:	All Year
Title:	Unite Team Northwest
Objective:	To unify different clubs, teams, and organizations in order to build participation and pride in our school and more specifically, our Student Council.
Indicate Target Group:	We target different clubs and sports in our school that aren't normally a part of Student Council.
Resources Used:	Students, Poster-making Materials, Basic Craft Supplies. Also need to figure out the meetings/games of different clubs and groups in your school.
Description:	Our focus in Public Relations this year has been to attend meetings and attend activities of other groups, clubs, and teams in our school. The thought is, that if everyone starts seeing our support, there will be more pride in our school and people will be more motivated to attend our meetings, fundraisers, and activities. It's easy to get your council to go to a game or to a new club as a group. Wearing some sort of Student Council apparel shows the other group, club, or team that Student Council as an organization is supporting them. It's just another way to network while also boosting school pride and having fun doing new things with your council.

There is so little overhead cost, and students visually see what difference their dimes make. Most of our student body is socioeconomically disadvantaged, which makes the amount raised even more amazing. It single handedly is the easiest, except counting change, most successful fund raiser we have on campus.

We made it our mission to personally hand out the bracelets to teachers, administrators, cafeteria workers, custodians, counselors, and students. Through announcements we encouraged everyone to wear their bracelets in a show of solidarity and we have added incentives to wearing the bracelets. This has been a great project because it links us all together.

We suggested that the girls not wear make up to help us with this. We also covered the mirrors to emphasize the importance of inner beauty and mirror not needed on campus. On Tuesday, we made sticky notes and name tags that read: "I'm Beautiful, I'm Smart, etc... The committee members passed around these tags to students. On Wednesday, we gave fortune cookies with little notes inside to motivate and inspire students. On Thursday, we made quotes to put on roses to pass to students, faculty and staff. On Friday, we gave out red and pink balloons for girls and bow ties for the guys to look fancy. This project was designed to make people feel better and appreciate their character. Student Council felt it was important to boost the self esteem of their fellow peers. Also, to let our students know that they are beautiful the way they are.
